Show Schedule (9 minutes approx.)

- 3 x Flash units randomly emitting dazzling flashes of pure white light.
- 1 x 80mm Mine erupting silver toubillion stars from the ground up high into the night sky.
- 3 x Golden glitter fountains erupting from the ground 30 feet into the air.
- 1 x 65mm shell suddenly lifting 200 feet then bursting to produce a beautiful blue and orange peony lighting the night sky.
- 80 shot barrage firing in V formation creating a unique pattern of green comets.
- 25 shot fanned volley barrage ejecting fanned volleys of bombettes bursting simultaneously high over your venue.
- 19 shot barrage, this large diameter product produces huge multicolour bursts 200 feet in to the air.
- 30 shot barrage This triple unit ejects brilliant diamond comets with sparkling tails in a beautiful fanned array.
- 70 shot Blue barrage rapidly firing sumptuous blue stars with glittering silver tails 200 feet upward.
- 50 shot barrage emitting a curtain of red and green bursts whilst simultaneously filling the air with crackles.

80 shot barrage firing a unique pattern of green comets arcing in from the far reaches of your grounds creating an impressive green arch.

33 shot barrage This barrage amplifies in size as it fires with beautiful peony bursts; noisy crackles and delicate falling petals.

1 x 75mm shell suddenly lifting 250 feet then bursting to produce a beautiful golden peony with glittering tails that float softly down to the ground.

130 shot hummer barrages rapidly fire a torrent of noisy hummer units with a spinning silver tail.

50 shot barrage producing alternating Yellow Palm trees with vivid Blue bombards.

16 shot barrage firing in V formation. This unit fires golden bombetts with a gold tail high in to the night sky bursting in a beautiful golden willow cascade culminating in an eccentric whistle.

50 shot Barrage producing huge bursting strobe bombards alternating in colour spread across your venue.

300 shot barrage This ultra rapid firing unit emits blue comets with golden tails in a fan formation zig zagging from left to right until climaxing in a final volley of comets.

25 shot shells fired in volleys of five bursting simultaneously in a beautiful arc of light changing colour as each volley bursts.

16 aerial shells ranging from 50mm to 125mm simultaneously lifting up to 400 feet high and bursting with a stunning thunder of noise and colour to produce a brilliant and spectacular finale to your show.
